# Healing to the MAX

Inspiring hope and offering support as we strive together towards healing from a loss by suicide.

Spreading Awareness and Education in our communities to reduce the stigmas and increase prevention.

HEALING  
TO THE MAX

Healing to The Max is a therapeutic intensive program specially designed to support:

Parents, Guardians and Grandparents & Youth and Teen Survivors of a traumatic loss by suicide through the lens of Narrative Therapy.

Since our inception, we have expanded to include a continuous monthly Men's Only group program, an ongoing monthly program for all types of survivors and we are in the process of developing in-person support programs for our Northern Communities here in Saskatchewan.

Healing to The Max is modern and effective grief support for anyone who's experienced a tragic loss by suicide.

## More information :

[healingtothemax.org](http://healingtothemax.org)

After losing our beloved 16 year old son and brother Max, by suicide in the early spring of 2015, we found there was a gap in support services for families like our own.

We began with the goal of designing support programs for parents, guardians and grandparents, as well as, for youth and teens.

AND SO BEGAN HEALING TO THE MAX
